Honorable Mayor and City Council City of Williamston 161 East Grand River Avenue Williamston, Michigan 48895

Independent Auditor's Report

Dear Council Members:

We have audited the accompanying general purpose financial statements of the City of Williamston, Michigan, as of and for the year ended June 30, 2003 as listed in the Table of Contents. These general purpose financial statements are the responsibility of the City of Williamston's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Williamston as of June 30, 2003 and the results of its operations and the cash flows of the proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the City of Williamston at June 30, 2003, and the results of operations of such funds and the cash flows of individual proprietary fund types of the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated August 22, 2003 on our consideration of the City of Williamston's internal control over financial reporting and our test on its compliance with certain provisions of laws, regulations, contracts and grants.

City of Williamston August 22, 2003 Page 2

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements of the City of Williamston, taken as a whole. The accompanying supplemental and related information presented as Exhibits H through P are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTE A--DESCRIPTION OF OPERATIONS AND FUND TYPES

The City of Williamston encompasses an area of approximately 3.7 square miles and is located approximately 20 miles east of Lansing and 65 miles west of Detroit.

The city was incorporated in 1963 as a home rule city under the council-manager form of government. The city council consists of seven council members who are elected at large. Every two years four council members are elected. The mayor, who is recognized as the chief executive officer of the city, and the mayor pro-tem are elected by the council from among its members. The city manager is the administrative agent of the council and is appointed by the council to serve at its pleasure. All other city administrative officers are appointed by the city manager.

Reporting Entity

In accordance with generally accepted accounting principles and Governmental Accounting Standards Board (GASB) Statement No. 14, "The Financial Reporting Entity," these financial statements present the city (the primary government) and its component units. The criteria established by GASB for determining the reporting entity includes oversight responsibility, fiscal dependency and whether the financial statements would be misleading, if data were not included.

DISCRETELY PRESENTED COMPONENT UNITS

The following component units are reported within the "component units" column in the combined financial statements. The discretely presented component unit is an entity that is legally separate from the city, but for which the city is financially accountable, or its relationship with the city is such that exclusion would cause the city's financial statements to be misleading or incomplete.

Downtown Development Authority

The Downtown Development Authority was created to correct and prevent deterioration in the downtown district, encourage historical preservation, and to promote economic growth within the downtown district. The authority's governing body, which consists of nine individuals, is selected by the city council. In addition, the authority's budget is subject to approval by the city council.

Economic Development Corporation

The Economic Development Corporation was created to provide means and methods for the encouragement and assistance of industrial and commercial enterprises in relocating, purchasing, constructing, improving, or expanding within the city so as to provide needed services and facilities of such enterprises to the residents of the city. The corporation's governing body, which consists of nine individuals, is selected by the city council.

NOTES TO FINANCIAL STATEMENTS

NOTE A--DESCRIPTION OF OPERATIONS AND FUND TYPES (Continued)

Tax Increment Finance Authorities (2A and 2B)

The Tax Increment Finance Authorities (2A and 2B) were created to prevent urban deterioration, to encourage development and activity, and to encourage neighborhood revitalization and historic preservation. The authorities' governing body is the same as the Economic Development Corporation that is selected by the city council and consists of nine individuals.

Complete financial statements of the individual component units can be obtained from their respective administrative offices located in city hall:

Administrative Offices

City of Williamston 161 East Grand River Avenue Williamston, MI 48895

Based on the foregoing criteria, the financial statements of the following organizations are excluded from the accompanying financial statements:

JOINT VENTURES

The city is a member of the Northeast Ingham Emergency Service Authority (NIESA) which provides emergency services to the residents of Northeast Ingham County. The participating communities provided funding for its operations until December 1998, at which time a millage was levied to provide annual funding. The city is unaware of any circumstances that would cause an additional benefit or burden to the participating governments in the near future. Complete financial statements for the authority can be obtained from the Community Fire Board offices at 627 East Grand River, Williamston, Michigan.

BASIS OF PRESENTATION

The accounts of the government are organized and operated on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Account groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds.

The financial activities of the city are recorded in separate funds and account groups, categorized as follows:

NOTES TO FINANCIAL STATEMENTS

NOTE A--DESCRIPTION OF OPERATIONS AND FUND TYPES (Continued)

GOVERNMENTAL FUNDS

General Fund

This fund is used to account for all financial resources except those provided for in another fund. Revenues are primarily derived from property taxes, State and Federal aid, and charges for services to provide for the administration and operation of: (1) general city governmental departments, boards and commissions; (2) law enforcement; and (3) public works. The fund includes the general operating expenditures of the local unit.

Special Revenue Funds

These funds are used to account for specific revenue (other than expendable trusts or major capital projects) derived from State and Federal grants, general fund appropriations and charges for services which are to be expended for specific purposes as dictated by legal, regulatory or administrative requirements.

Debt Service Funds

These funds are used to record revenues that are restricted for the payment of principal and interest on debt recorded in the general long-term debt account group. There is only one debt service fund, therefore, there are no combining financial statements presented for this fund type.

PROPRIETARY FUNDS

Enterprise Funds

These funds account for operations: (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

FIDUCIARY FUNDS

Trust and Agency Funds

These funds account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. The only agency fund is the Current Tax Collection Agency Fund.

NOTES TO FINANCIAL STATEMENTS

NOTE A--DESCRIPTION OF OPERATIONS AND FUND TYPES (Continued)

ACCOUNT GROUPS

General Fixed Asset Account Group

This account group presents the fixed assets of the city utilized in its general operations, other than those fixed assets recorded in proprietary funds.

General Long-Term Debt Account Group

This account group presents the balance of general obligation long-term debt that is not recorded in proprietary or trust funds.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures (expenses) are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied. The accounting policies of the city conform to generally accepted accounting principles as applicable to governmental units.

Governmental Funds

All governmental fund types (general, special revenue and debt service) use a financial resources measurement focus and are accounted for using the modified accrual basis of accounting. The agency fund also uses the modified accrual basis of accounting. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Current expenditures are generally recorded when the fund liability is incurred, if measurable. Exceptions to this general rule include principal and interest on general long-term debt, which is recognized when due and accrued vacation and sick leave, which is recorded when payable from current available financial resources.

Proprietary Funds

The proprietary fund types (enterprise funds) are accounted for on a cost-of-service or "capital maintenance" measurement focus, using the accrual basis of accounting. Revenues are recorded when they are measurable and earned, and expenditures are recorded when the related liability is incurred. The government applies all applicable FASB pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements in accounting and reporting for its proprietary operations.

NOTES TO FINANCIAL STATEMENTS

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash, Cash Equivalents and Investments

For purposes of the statements of cash flows, demand deposits and short-term investments with a maturity date of three months or less when acquired are considered to be cash equivalents. Investments are stated at fair value. Restricted cash is also considered as cash and cash equivalents.

Prepaid Expenses

Prepaid expenses are payments in advance of the receipt of goods and services in an exchange transaction. Prepaid items are spread over a short period of time and are regularly recurring costs of operations.

Property Tax--Primary Government

The city's property tax is levied on each December 1 on the State taxable valuation of property located in the city as of the preceding December 31st. The city's 2002 ad valorem tax is levied and collectible on December 1, 2002. It is the city's policy to recognize revenue from this year's tax levy.

The 2002 State Equalized Valuation of the city totaled \$103,890,130 and the State Taxable Valuation was \$66,881,323 (net of captured taxes), on which ad valorem taxes levied consisted of 16.3054 mills and raising \$1,090,527 for city operations. This is recorded as revenue in the General Fund, which also includes industrial facility taxes, penalties, interest and administrative fee, for a total of approximately \$1,103,117 (net of tax tribunal refunds).

Inventory

No inventory is maintained, payment for supplies are recorded as expenditures at the time of purchase.

Fixed Assets and Depreciation

Fixed assets of all funds and component units are stated at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. Governmental funds' fixed assets are recorded in the general fixed assets account group and are not depreciated, rather than in governmental funds.

Public domain (infrastructure) general fixed assets, consisting of certain improvements other than buildings, including roads, curbs, gutters, streets and sidewalks, drainage systems and lighting systems are not recorded.

NOTES TO FINANCIAL STATEMENTS

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Sewer and Water Fund's (enterprise fund) fixed assets are recorded in the respective fund. Costs relating to maintenance and repairs are charged to expenses, whereas those for renewals and betterments, when significant in amount are capitalized. Provisions for depreciation of fixed assets are computed on the straight-line method designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings Furniture and Equipment

25 to 50 years 5 to 30 years

Deferred Revenue

Deferred revenue represents amounts that have met asset recognition criteria, but have not met revenue recognition criteria, such as grants received but not earned. Under the modified accrual basis of accounting, such amounts are measurable but not available.

Compensated Absences

The estimated current portion of the liability for vacation and sick leave benefits attributable to the city's funds is recorded as an expenditure and liability in the respective funds. The long-term portion is recorded in the general long-term debt account group. The amounts attributable to proprietary funds are charged to expense and a corresponding liability in the applicable fund.

Fund Equity

Contributed capital is recorded in proprietary fund for capital grants or contributions from customers or other funds. Reserves of fund equity represent portions of fund equity not appropriated for expenditure or legally segregated for a specific future use.

Designated fund balances represent tentative plans for future use of financial resources. See Note F for contributed capital detail.

Other Financing Sources (Uses)

The transfers of cash between the various city funds are budgeted but reported separately from revenues and expenditures as operating transfers in or out, unless they represent temporary advances that are to be repaid, in which case, they are carried as assets and liabilities of the advancing or borrowing funds.

NOTES TO FINANCIAL STATEMENTS

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the following: assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Total Column on Combined Statements--Overview

The total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation, because interfund eliminations have not been made in the aggregation of this data.

NOTE C--LEGAL COMPLIANCE

Budgets and Budgetary Accounting

Pursuant to statute, prior to the commencement of the fiscal year, the budget is legally enacted through adoption by the city council. Budgets are adopted for the General Fund and Special Revenue Funds as required by statute. Budgets are adopted on a basis consistent with the accounting principles followed in recording transactions. The city's annual budget is adopted on a departmental basis at the activity level. Budgeted amounts presented in the financial statements are as originally adopted and amended by the city council. Budgeted revenues and expenditures, as presented in Exhibits C and I, include any board authorized amendments to the original budget as adopted.

Excess of Expenditures Over Appropriations in Budgeted Funds

Public Act 2 of 1968, as amended, requires the adoption of a balanced budget for general and special revenue funds, as well as budget amendments as needed to prevent actual expenditures from exceeding those provided for in the budget.

NOTES TO FINANCIAL STATEMENTS

NOTE C--LEGAL COMPLIANCE (Continued)

The city has not complied with certain provisions of Public Act 2 of 1968, as amended. Expenditures were incurred in excess of amounts appropriated in the amended budgets for the following activities or functions of the General Fund:

| | Budget | Actual | (Unfavorable) |
|----------------------------|----------|-----------|---------------|
| General Fund | | | |
| General Government | | | |
| Elections | \$ 4,900 | \$ 5,713 | \$ (813) |
| City Hall | 105,407 | 108,836 | (3,429) |
| Public Safety | | | |
| Police | 475,200 | 478,729 | (3,529) |
| Public Works | | | |
| City Tree Service | 10,530 | 11,155 | (625) |
| Other | | | , , |
| Miscellaneous | 2,600 | 5,692 | (3,092) |
| Capital Outlay | | | , , |
| Equipment Maintenance | 94,000 | 153,641 | (59,641) |
| Debt Service | | | , , , |
| Interest | | 53,542 | (53,542) |
| Other Financing Uses | | | |
| Operating Transfers (Out) | | | |
| Building Department | 16,000 | 19,568 | (3,568) |
| Major Street Fund | | | , , |
| Current | | | |
| Public Works | 447,807 | 1,490,232 | (1,042,425) |
| Debt Service | | | , , , |
| Interest | | 3,750 | (3,750) |

NOTE D-BALANCE SHEET--CASH AND INVESTMENTS

Deposits are carried at cost. Deposits are in two financial institutions in the name of the city treasurer. Michigan Compiled Laws, Section 129.91, authorizes the city to deposit and invest in the accounts of Federally insured banks, credit unions, and savings and loan associations, bonds, securities and other direct obligations of the United States; or any agency or instrumentality of the United States, including securities issued or guaranteed by the Government National Mortgage Association; United States government or Federal agency obligation repurchase agreements; bankers' acceptance of United States banks; commercial paper rated within the two highest classifications by not less than two standard rating services which mature not more that 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade.

Michigan law prohibits security in the form of collateral, surety bonds, or other forms for the deposit of public money. The city's deposits are in accordance with statutory authority. The city has adopted an investment policy in accordance with Public Act 196 of 1997 and has authorized only investments included in the above securities.

NOTES TO FINANCIAL STATEMENTS

NOTE D-BALANCE SHEET--CASH AND INVESTMENTS (Continued)

The Governmental Accounting Standards Board (GASB) Statement No. 3 risk disclosure for deposits are as follows:

| | Financial Institution Balance | | | | | |
|-------------------------|-------------------------------|--------------|-------------|--|--|--|
| | Primary | Component | | | | |
| | Government | <u>Units</u> | Total | | | |
| | | | | | | |
| Deposits Insured (FDIC) | \$ 200,000 | \$120,022 | \$ 320,022 | | | |
| Uninsured | 777,240 | 495,344 | 1,272,584 | | | |
| Total Deposits | \$ 977,240 | \$615,366 | \$1,592,606 | | | |
| | Balance | | | | | |
| | Carrying | Amount | | | | |
| | Primary | Component | | | | |
| | Government | <u>Units</u> | Total | | | |
| Deposits Insured (FDIC) | \$ 200,000 | \$120,022 | \$ 320,022 | | | |
| Uninsured | 638,930 | 497,153 | 1,136,083 | | | |
| Imprest Cash | 630 | | 630 | | | |
| Total Deposits | \$ 839,560 | \$617,175 | \$1,456,735 | | | |

The city's insured deposits are insured by virtue of the city meeting certain specified criteria under FDIC regulations.

Investments

The city's investments consist of pooled cash invested by Bank One, which consists of pooled investment funds as follows:

| Investment Type | Carrying Amount | Fair Value |
|---------------------------------------|-----------------|---------------|
| Primary Government | | |
| Pooled Funds | | |
| Money Market Fund | \$1,133,441 | \$1,133,441 |
| Total Primary Government Pooled Funds | \$1,133,441 | \$1,133,441 |
| Component Units | | |
| Pooled Funds | | |
| Money Market Fund | \$ 691,704 | \$ 691,704 |
| Total Component Unit Pooled Funds | \$ 691,704 | \$ 691,704 |

NOTES TO FINANCIAL STATEMENTS

NOTE D-BALANCE SHEET--CASH AND INVESTMENTS (Continued)

The nature of mutual fund investments, insurance annuities and pooled funds does not allow for risk-categorization, which is accordance with GASB Statement No. 3.

NOTE E--FIXED ASSETS

Primary Government

The primary government of the city's general fixed assets account group and the enterprise funds' fixed assets are summarized below:

General Fixed Assets Account Group

| | Balance 07/01/02 | Additions | Deletions | Balance 06/30/03 |
|---|---|--|----------------------|---|
| Land Buildings Improvements Vehicles Office Equipment Machinery Equipment | \$ 242,350 1,471,599 611,925 260,182 169,163 485,448 | \$ 13,086 268,381 15,067 71,445 | \$ 79,657 184,565 | \$ 242,350 1,484,685 611,925 528,563 104,573 372,328 |
| Total Assets | \$3,240,667 | \$367,979 | \$264,222 | \$3,344,424 |

Note: There was a \$157,315 reclassification of assets from Machinery Equipment to Vehicles during the fiscal year ended June 30, 2003.

Proprietary Funds

A summary of proprietary fund type property, plant, and equipment at June 30, 2003, as follows:

| | Sewer Fund | Water Fund | Enterprise Total |
|---|---------------|---------------|------------------|
| Land Buildings and Improvements Equipment | \$ 18,692 | \$ 417,865 | \$ 436,557 |
| | 13,121,726 | 1,898,809 | 15,020,535 |
| | 144,885 | 392,278 | 537,163 |
| Total Cost Less: Accumulated Depreciation | 13,285,303 | 2,708,952 | 15,994,255 |
| | (3,098,229) | (698,798) | (3,797,027) |
| Net Fixed Assets | \$10,187,074 | \$2,010,154 | \$12,197,228 |

Depreciation expense was \$283,467 and \$55,145 for the Sewer and Water Funds, respectively, for the year ended June 30, 2003.

NOTES TO FINANCIAL STATEMENTS

NOTE E--FIXED ASSETS (Continued)

Discrete Component Units

The following is a summary of changes in the fixed assets account group for the component units at June 30, 2003:

Economic Development Corporation

NOTES TO FINANCIAL STATEMENTS

NOTE F--CONTRIBUTED CAPITAL

Contributed capital at June 30, 2003, is summarized below:

| | Balance 07/01/02 | Current Year Additions | Balance 06/30/03 |
|---|---------------------|------------------------------|---------------------|
| Contributed Capital Capital Contributed From All Sources Prior to June 30, 1993 | \$4,273,621 | | \$4,273,621 |
| Capital Contributed Since June 30, 1993, By Source | | | |
| Contributed by Developers | 3,047,111 | | 3,047,111 |
| Special Assessment Levy | 688,170 | | 688,170 |
| Contributed From Other Funds | 39,245 | | 39,245 |
| Total | \$8,048,147 | <u> </u> | \$8,048,147 |

NOTE G--ACCOUNTS RECEIVABLE

Primary Government

The accounts receivable recorded in several funds are shown as net of allowance for uncollectible accounts in the financial statements.

General Fund--The accounts receivables of \$19,412 was for June collections in transit at June 30, 2003 and is not offset by deferred revenue. The special assessment receivable of \$1,292 is for sidewalk assessments and is offset by deferred revenue.

<u>Local Street Fund</u>--The special assessment receivable of \$2,649 is for the Wallace Street special assessment and is offset by deferred revenue.

<u>Sewer Fund</u>--The receivable of \$86,754 consists of charges for service that were outstanding at June 30, 2003.

Water Fund--The receivable of \$76,810 consists of charges for service that were outstanding at June 30, 2003.

Component Units

Economic Development Corporation—The receivable of \$300,000 represents amount due on purchase agreements for the sale of land in the industrial park at June 30, 2003. The amount due is measurable but unavailable, thus is offset by deferred revenue.

NOTES TO FINANCIAL STATEMENTS

NOTE H--DUE FROM STATE

General Fund--The amount of \$120,267 represents revenue sharing collected by the state from March 2003 through June 2003 received in July and September of 2003 and is not offset by deferred revenue.

Major and Local Street Funds--The amount of \$125,355 and \$40,372 for the major and local streets funds, respectively, represents Michigan Transportation Fund distributions for August 2002 and October 2002 through June 30, 2003 withheld by the Michigan Department of Transportation due to the City's failure to file the Act 51 report timely. The city was unable to file the required report due to MDOT's failure to supply information necessary to complete the report. The amount due is measurable but unavailable, thus is offset by deferred revenue.

NOTE I--INTERFUND RECEIVABLES AND PAYABLES

The amounts of the interfund receivables and payables for the primary government and component units are as follows:

| <u>Fund</u> | Interfund Receivable | Fund | Interfund Payables |
|--------------------------|-------------------------|--------------------------|-----------------------|
| Primary Government | | Primary Government | |
| General | \$ 3,419 | Current Tax | \$ 3,419 |

Defeased Debt

In prior years, the city defeased the 1991 Series Bonds by placing the proceeds of new bonds (\$3,700,000) in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the general purpose financial statements. At June 30, 2003, \$3,400,000 of bonds outstanding are considered defeased.

Defeased Debt

In prior years, the DDA defeased 1994 Non-Callable Bonds and 1999 Refunding Bonds by placing the proceeds of new bonds (\$2,155,000) in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the general purpose financial statements. At June 30, 2003, \$1,655,000 of bonds outstanding are considered defeased.

Effective for the fiscal year ended June 30, 2002, the Economic Development Corporation assumed this mortgage from the General Fund.

NOTES TO FINANCIAL STATEMENTS

NOTE K--LONG-TERM DEBT (Continued)

No Commitment Debt

Excluded from the general long-term debt account group are revenue bonds issued by the Economic Development Corporation issued to acquire and lease property to third parties. The revenue bonds issued are payable solely from the net revenue derived from the respective leases and are not a general obligation of the city. After these bonds are issued, all financial activity is taken over by the paying agent. The bonds and related lease contracts are not reflected in the city's financial statements. Information regarding the status of the bond issue, including possible default must be obtained from the paying agent or other knowledgeable source. The amount outstanding at June 30, 2003 is \$1,000,000.

Compensated Absences

The city has an accrued liability for accumulated vested vacation and sick leave benefits payable for its employees. As of June 30, 2003, the accumulated vested vacation and sick leave benefits of the city's employees were as follows:

| | Sick/Personnel Leave | Vacation Leave | Total |
|--|----------------------|-------------------|--------------------|
| General Government Public Works Department | \$10,312 1,932 | \$17,109 2,596 | \$ 27,421 4,528 |
| Total | \$12,244 | \$19,705 | \$ 31,949 |

These amounts are reported in the general long-term account group (General Government) and the Sewer Enterprise Fund (Public Works Department).

City employees are entitled to certain vacation and sick pay benefits that accrue and vest under the terms of the city's labor agreements and personnel policy.

Vacation leave is earned in varying amounts ranging from 1 to 5 five weeks depending on the number of years of service provided by the employee and is available on the employee's anniversary date. With supervisory approval, employees may carry over a maximum of one week to the subsequent period.

Sick leave is earned by all city employees at the rate of 12 days annually with each day being made available as of the last day of the month. A maximum of 24 days may be accrued. Upon retirement employees are paid for one-half of their accumulated unused sick leave.

NOTES TO FINANCIAL STATEMENTS

NOTE L--EMPLOYEES' RETIREMENT SYSTEM

Description of Plan and Plan Assets

The City of Williamston in an agent multiple-employer defined benefit pension plan with the Municipal Employees' Retirement System (MERS). The system provides the following provisions: normal retirement, deferred retirement, service retirement allowance, disability retirement allowance, nonduty-connected death, duty-connected death, and post-retirement adjustments to plan members and their beneficiaries. The service requirement for general, police and nonunion employees is computed using credited service at the time of termination of membership multiplied by the sum of 2.0%, 2.5%, 2.25%, respectively, times the final average compensation (FAC) with a maximum benefit of 80% of the FAC for the police and nonunion members. The most recent period for which actuarial data was available was for the fiscal year ended December 31, 2002.

MERS was organized pursuant to Section 12a of Public Act 156 of 1851 (MSA 5.333(a); MCLA 46.12(a)), as amended, State of Michigan. MERS is regulated under Public Act 427 of 1984, sections of which have been approved by the State Pension Commission. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to MERS at 447 North Canal Street, Lansing, Michigan 48917-9755.

Funding Policy

Each member was required to contribute a percentage of his or her annual compensation. The member's contribution for the general, police, nonunion employees, and nonunion employee closed was 4.75%, 8.0%, 7.0% and 9.9%, respectively. The city is required to contribute at an actuarially determined rate. Based on the 2000 actuarial valuation, the 2002 rates for general, police and nonunion employees were 5.60%, 19.8% and 8.46%, respectively, of annual compensation.

Annual Pension Cost

During the fiscal year ended June 30, 2003, the city's contributions totaling \$74,202 were made in accordance with contribution requirements determined by an actuarial valuation of the plan as of December 31, 2000 and 2001. The employer contribution rate has been determined based on the entry age normal funding method. Under the entry age normal cost funding method, the total employer contribution is comprised of the normal cost plus the level annual percentage of payroll payment required to amortize the unfunded actuarial accrued liability over 30 years. The employer normal cost is, for each employee, the level percentage of payroll contribution (from entry age to retirement) required to accumulate sufficient assets at the member's retirement to pay for his or her projected benefit. Significant actuarial assumptions used include a long-term investment yield rate of 8% and annual salary increases of 4.5% based on an age-related scale to reflect merit, longevity, and promotional salary increases.

NOTE M--DEFERRED COMPENSATION PLAN

Primary Government

The City of Williamston offers all employees a deferred compensation plan created in accordance with the Internal Revenue Code, Section 457. The assets of the plan are held in a trust, custodial account or annuity contract described in IRC Section 457(g) for the exclusive benefit of the participants (employees) and their beneficiaries. The custodial account is held by the custodian for the exclusive benefit of the participants and beneficiaries of these Section 457 plans and the assets may not be diverted to any other use. The administrator is an agent of the employer. The administrator provides direction to the custodian, from time to time, regarding the investment of the funds held in the account, transfer of assets to or from the account and all other matters. In accordance with the provisions of GASB Statement No. 32, plan balances and activities are not reflected in the city's financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE N--SEGMENT INFORMATION--ENTERPRISE FUNDS

The city maintains two enterprise funds that provide water and sewer services. Segment information for the year ended June 30, 2003, as follows:

| | Sewer | Water | Total |
|---------------------------|------------|------------|-------------|
| Operating Revenue | \$ 770,435 | \$ 599,776 | \$1,370,211 |

| Total Assets | 11,874,796 | 2,298,872 | 14,173,668 |
| Total Equity | 7,130,670 | 2,120,337 | 9,251,007 |

NOTE O--RISK MANAGEMENT

The city and the city's component units are exposed to various risks of loss related to theft of, damage to, and distribution of assets, error and omissions; and injuries to employees. The city participates in the Michigan Municipal Liability and Property Pool (Pool) for claims relating to general liability, excess liability, auto liability, errors and omissions, physical damage (equipment, building and contents) and workers' compensations. Settlement amounts have not exceeded insurance coverage for the current or three prior years.

Local units in the State of Michigan established and created a trust fund, known as the Michigan Municipal Liability and Property Pool pursuant to the provisions of Public Act 138 of 1982. The Pool is to provide for joint and cooperative action relative to member financial and administrative resources for the purpose of providing risk management services along with property and liability protection. Membership is restricted to local units and related local unit activities within the state.

The Michigan Municipal Liability and Property Pool program operates as a common risk-sharing management program for local units in Michigan. Member premiums are used to purchase excess insurance coverage and to pay member claims in excess of deductible amounts.

NOTES TO FINANCIAL STATEMENTS

NOTE P--CONTINGENCIES

Primary Government

The City of Williamston entered into a contract with the Michigan Economic Development Corporation for Federal funding, under the Community Development Block Grant Program, to complete a sewer infrastructure project to assist Capitol Tool & Die (a division of Demmer Corporation). The terms of the contract require the city and/or company to create a minimum of 29 jobs made available to low and moderate income people. If the project does not result in the minimum number of jobs, the State retains the right to require the city and/or company to repay the full amount of the grant funds. The city and the Capital Tool & Die have not met the necessary job creation requirements.

At June 30, 2002, the city had expended \$939,404 on this project. The Federal share of these expenditures is \$550,000. The city had received reimbursement for Federal expenditures in the amount of \$442,502. The city is due approximately \$107,498 from the State for the remaining Federal expenditures. The city did not submitted reimbursement requests due to the city's failure to meet the job creation requirements. Due to the current economic slowdown and the uncertainty of meeting the job creation requirements, the city has not accrued the \$107,498 in Federal funds due from the State and accordingly has not recorded the Federal revenue (in the proprietary fund type). Additionally, pursuant to this contract, the city and/or company may be required to pay a portion of or all of the \$442,502 in Federal funds received.

Component Units

The Downtown Development Authority, Tax Increment Finance Authority 2A, and Tax Increment Finance Authority 2B (component units) have an ongoing dispute with the Department of Treasury over the capture of school taxes during the period of 1994 through 2000. The city estimates that the claim will be approximately \$200,000, but is awaiting a final determination from the Department of Treasury. At this time, a final determination has not been made by the Department of Treasury.

JENNIFER M. GRANHOLM GOVERNOR JAY B. RISING STATE TREASURER

August 22, 2003

Honorable Mayor and City Council City of Williamston 161 East Grand River Avenue Williamston, Michigan 48895

RE: Report on Compliance and on Internal Control over Financial Reporting
Based on an Audit of Financial Statements Performed in Accordance With
Government Auditing Standards

Dear Council Members:

We have audited the financial statements of the City of Williamston as of and for the year ended June 30, 2003, and have issued our report thereon dated August 22, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance—As part of obtaining reasonable assurance about whether the City of Williamston's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of noncompliance, which we have reported to the management of the City of Williamston in the accompanying comments and recommendations section of this report.

<u>Internal Control Over Financial Reporting</u>--In planning and performing our audit, we considered City of Williamston's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions.

Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect City of Williamston's ability to record, process, summarize and report

City of Williamston August 22, 2003 Page 2

financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying report on comments and recommendations.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being auditing may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we noted no matters involving internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the management, State and Federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

Local Audit of Local Audit and Finance Division
Bureau of Local Government Services

Michigan Department of Treasury

COMMENTS AND RECOMMENDATIONS

OTHER REPORTABLE CONDITIONS

Although the following are not considered material weaknesses in internal control, we wish to point out certain other reportable conditions for consideration by the management of City of Williamston.

OTHER REPORTABLE CONDITIONS

Treasurer--Current Tax Collection

Condition: During fiscal year 2002, we found that the city established the necessary "due to" accounts as noted in our finding in the prior year. However, we continue to find that there is no detail supporting the amounts recorded in this fund. Additionally, the amount recorded as a "due to" the General Fund did not correspond to any receivable balance in the General Fund.

Criteria: The Current Tax Collection Fund is used to account for current property tax collections due, not only the city, but other governmental units. This fund is an agency fund; thus, the fund should only have "cash" and "due to" accounts. Further, MCL § 211.43(c) (in addition to other distribution deadlines) requires that "A final adjustment and delivery of the total amount of tax collections on hand for the county, community college districts, intermediate school districts, school districts, and public transportation authorities shall be made not later than April 1 of each year." Therefore, at June 30th, the balance should only reflect amounts due other funds of the city. It is recommended that all funds due the city are also disbursed and that the balance is reduced to zero (or an established imprest balance to meet any minimum balance required by the bank).

Recommendation: We recommend that the city properly account for current tax collections utilizing accounts prescribed by the Uniform Chart of Accounts. Generally, this will be one cash account and multiple "due to..." accounts properly designating the units to which the cash is due. Note, that the Uniform Chart of Accounts prescribes an account "Undistributed Taxes;" however, this account is only a temporary account and should be regularly distributed to the appropriate "due to..." accounts.

Management's Response--Corrective Action Plan: Contact person is Lisa Hitchcock, Williamston City Manager, 161 East Grand River Avenue, Williamston Michigan, 48895. Telephone (517) 655-2774.

COMMENTS AND RECOMMENDATIONS

STATUTORY COMPLIANCE

Our review of procedures for compliance with statutory requirements disclosed the following exceptions:

City Council--Budget Requirements

Condition: As detailed in Note H to the financial statements, we found actual 2003 expenditures exceeded the council's approved budget allocations for 8 General Fund activities.

Criteria: The expenditures of funds in excess of appropriations is contrary to the provisions of Section 17 of Public Act 621 of 1978. The city's 2002 General Appropriations Act (budget) provided for expenditures of the General Fund and the special revenue funds to be controlled to the activity level by the city.

Recommendation: We recommend that the council amend the budget as needed to prevent actual expenditures from exceeding those provided for in the budget as required by Public Act 621 of 1978.

Management's Response--Corrective Action Plan: Contact person is Lisa Hitchcock, Williamston City Manager, 161 East Grand River Avenue, Williamston Michigan, 48895. Telephone (517) 655-2774.

Treasurer--Old Outstanding Checks

Condition: We found that the band reconciliation for the city's common checking account and tax roll account includes outstanding checks of over one year.

Criteria: MCL 567.234 and MCL 238, revised in 1997, includes the following:

"Property held for the owner by a court, state, or other government, governmental subdivision or agency, public corporation, or public authority that remains unclaimed by the owner for more than 1 year after becoming payable or distributable is presumed abandoned. The holder in possession of property presumed abandoned and subject to the state's custody as unclaimed property shall send written notice to the apparent owner not less than 60 days or more than 365 days before filing the report... Except as otherwise provided in this subsection, the report shall be filed on or before November 1 of each year for the 12-month period ending on the immediately preceding June 30th..."

Recommendation: We recommend that all checks over one year old be investigated. If the payee can be found, the money should be disbursed to that individual. If the payee cannot be found, they should be escheated to the State of Michigan according to the State statue.

Management's Response--Corrective Action Plan: Contact person is Lisa Hitchcock, Williamston City Manager, 161 East Grand River Avenue, Williamston Michigan, 48895. Telephone (517) 655-2774.

COMMENTS AND RECOMMENDATIONS

STATUTORY COMPLIANCE (Continued)

Unlawful Expenditures

Condition: We found that the City of Williamston occasionally donates flowers upon the death of certain individuals.

Criteria: According to Attorney General Opinion No. 2346 of 1956, there is no statutory provision authorizing local units of government to make expenditures from public funds for the private purpose of purchasing flowers in times of death or illness. In addition to the lack of statutory authority, the expenditure of public funds for such a purpose is unlawful in principle. There can be no furtherance of the general public welfare of the local unit or its citizens in the expenditure of money of public funds for flowers for private occasions however worthy the motive of the giver.

Effect: The city expends public funds on nonpublic expenditures, in effect violating the statutory authority of the city.

Recommendation: We recommend that the City of Williamston discontinue the practice of donating flowers in times of death or illness using the city's funds.

Management's Response--Corrective Action Plan: Contact person is Lisa Hitchcock, Williamston City Manager, 161 East Grand River Avenue, Williamston Michigan, 48895. Telephone (517) 655-2774.
